5

A hand-drawn floor plan of a house. The plan shows a central rectangular area with a red hatched pattern, labeled with a blue '5'. To the right of this area is a smaller rectangular area with a blue hatched pattern, labeled with a blue '3'. The plan also shows a kitchen area with a sink and stove, a living area with a sofa, and a bedroom with a bed. The drawing is done in blue ink on a white background.

Technical drawing of a mechanical part, likely a bracket or support. The drawing shows a side view with a vertical plate and a horizontal base. Dimensions are indicated by numbers: 1 (height of the vertical plate), 2 (width of the vertical plate), 7 (width of the base), 6 (width of the vertical plate at the base), and 9 (height of the base).

The diagrams show a cell with a nucleus and a mitochondrion. The cell is a rectangle with a dashed line for the cell membrane and a solid line for the nuclear envelope. Inside the nucleus is a nucleolus. The mitochondrion is an oval with internal folds (cristae) and a label 'mit'.
