

Nutzungseinheit i.S.d. SchulBauR für hochfeuerhemmende Bauteile - max. 250 m² < 400 m²

The floor plan illustrates the layout of the first floor, with rooms and corridors clearly defined. The central corridor, highlighted in green, serves as the primary evacuation route, with red and green arrows indicating the direction of travel. The plan also shows the location of fire exits, marked with red and green symbols, and the placement of fire extinguishers, indicated by red and green dots. The central area, labeled '41,19', is a large open space that provides a clear path for evacuation. The legend on the right provides additional information about the symbols used in the plan, including 'manuel Brandm' and 'automa HA/ BM'.
